

Googolopoly

Welcome to the game of Googolopoly, where the goal is to organize all of the world's information. To achieve this you can buy internet properties or build them yourself. Once you have built a product or acquired a company, you can invest in developers and servers. Print out all of the following pages, making sure to make extra copies of the money and then cut everything out.

Each player starts with:

Two of each:

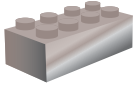

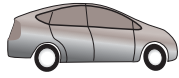

- Certificates for 500 shares (orange)
- Certificates for 100 shares (beige)
- Certificates for 50 shares (blue)

Six Certificates for 20 shares (green)

Five of each:

- Certificates for 10 shares (yellow)
- Certificates for 5 shares (pink)
- Certificates for 1 share (white)

google.org

Yahoo! just merged with AOL, if you own Yahoo, give 200 shares to the Google foundation.

Yahoo! allowed you to serve ads for them. This is a monopoly, go to the deadpool now.

You diversified in green tech, if there is money in the Google foundation, take it now.

I'm Feeling Lucky

If you own developers, 2 of them left to go work at Facebook. Pay 200 Shares to hire new ones.

If you owe Microsoft, Europe accused you of monopoly. Pay them 250 shares and go to the deadpool.

Go to the deadpool now don't stop on the Go case and don't get VC funding.

Your servers need to be upgraded. Fix them now for 350 shares.
